

## 'Tis the Season for PET SAFETY TIPS!

### COOKIES AND CANDY

Consumption of chocolate can cause agitation, vomiting, diarrhea, high heart rate, tremors, seizures and even death.

### MACADAMIA NUTS AND WALNUTS

These nuts can cause severe lethargy, increased body temperature, vomiting, tremors, joint stiffness and the inability to walk.

### HOLIDAY DECORATIONS

Tinsel, ribbon and similar decorations can cut up the digestive tract and cause intestinal obstruction. Ornaments should be kept off low-lying Christmas tree branches.

### LIGHTS AND CANDLES

If your pet can reach them, they may be a fire hazard if knocked over.

### ALCOHOL

Alcoholic drinks may cause vomiting, disorientation, diarrhea, lethargy, lack of coordination, difficulty breathing, tremors, coma and seizures.

### GRAPES, RAISINS, AVOCADOS, ONIONS AND GARLIC

These can cause lethargy, lack of appetite and vomiting.

### ARTIFICIAL SWEETENERS

Sugarless gum and artificially sweetened treats may cause vomiting, lethargy, loss of coordination, seizures and liver failure.

### FATTY TRIMMINGS AND BONES

Pets may experience vomiting and diarrhea. Fatty foods can also promote pancreatitis. Swallowed bones can cause stomach perforation and painful constipation.

### HOLIDAY PLANTS

Holly, mistletoe and poinsettias may cause irritation, vomiting, diarrhea and heart arrhythmia in both cats and dogs.

### ELECTRICAL CORDS

If chewed, live electrical cords can cause burns in or around a pet's mouth, difficulty breathing, seizures and cardiac arrest.
